

# Extruder

## ADVANCED EXTRUSION TECHNOLOGY

SLIPFORMER  
TECHNOLOGY

WET CASTING  
TECHNOLOGY

Extruder EVO series, the winning choice for the production of pre-stressed hollow core slabs

### Flexibility

Widths: 2x600mm, 1200mm, 1250mm,  
1500mm, 2x1200 and 2400mm.

### High quality finished products

High concrete compaction,  
excellent surface finish.

### Low maintenance costs

Parts optimized to be hard wearing.
